

LIGHTWEIGHT & HEAVY DUTY COLLECTION TRAYS

The condensate collection trays are supplied with attachment arms which can be mounted to the brackets (page 24). All components are covered in a scratch resistant powder coating to RAL 7032 to match most brands of ductless split systems. Three sizes are available to suit most applications.

Lightweight Features:

- Easy to install
- Tapered outlet fits 5/8" hose and 3/4" hose
- Flat packed with all components
- Available in two sizes
- One piece molded plastic

Heavy Duty Features:

- Concave profile ensures effective water drainage
- 1/2" BSP male thread on drain outlet
- Available in three sizes
